Audited Financial Statements

December 31, 2013

Independent Auditors' Report

To the Board of Directors of
Foundation for the Global Compact

Report on the Financial Statements

We have audited the accompanying financial statements of the Foundation for the Global Compact (the "Foundation", which comprise the statement of financial position as of December 31, 2013, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

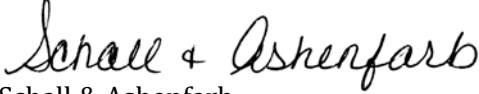

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation for the Global Compact as of December 31, 2013, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Foundation's 2012 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 29, 2013. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2013 is consistent, in all material respects, with the audited financial statements from which it has been derived.

**FOUNDATION FOR THE GLOBAL COMPACT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013**

Note 1 - Organization

Foundation for the Global Compact (the "Foundation"), was devised to promote the work of the Global Compact Initiative. The Foundation is a not-for-profit organization established in April 2006 to help raise funds to support the work of the United Nations' entity entrusted with overall management of the initiative.

The Foundation is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. They have not been designated as a private foundation.

Note 2 - Significant Accounting Policies

a. Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting which is the process of recognizing revenue and expenses when earned or incurred rather than when received or paid. All significant receivables, payables, and other liabilities have been reflected.

b. Basis of Presentation

The Foundation reports information regarding their financial position and activities according to the following classes of net assets:

- *Unrestricted* – represent those resources for which there are no restrictions by donors as to their use.
- *Temporarily restricted* – represent contributions received with restrictions for specific programs or time periods.

c. Contributions

Contributions received are recorded as unrestricted or temporarily restricted support depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when the stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. However, contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized.

d. Cash and Cash Equivalents

The Foundation considers all liquid investments with an initial maturity of three months or less to be cash and cash equivalents.

e. Concentration of Credit Risk

Financial instruments which potentially subject the Foundation to concentration of credit risk consist of cash accounts which are placed with a financial institution that management deems to be creditworthy. At times, balances may exceed federally insured limits. While at year-end the Foundation had material uninsured balances, management feels they have little risk and has not experienced any losses due to bank failure.

f. Pledges Receivable

The Foundation records long-term unconditional promises to give as revenue in the period received at fair value, using a risk adjusted discount rate. Pledges due in less than one year are recorded at their net realizable value. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

All pledges are due within one year. Based on the short-term nature of these receivables and the historical experience that the Foundation has, management feels that no allowance for doubtful accounts is necessary as of December 31, 2013.

g. Fixed Assets

Fixed assets consist of computers and equipment that the Foundation retains title to which benefit future periods. Fixed assets are capitalized at cost, if purchased and at fair value, if donated. Fixed assets are depreciated using the straight-line method over the estimated useful life of the assets (3 years).

h. Deferred Rent

The Foundation recognizes rent expense on the straight-line method and records deferred rent for the cumulative amount that expenses exceed actual payments. In latter stages of the lease, deferred rent will be reduced as the amount of payments exceeds the expense recorded.

i. Donated Services

Donated services that create or enhance non-financial assets, or that require specialized skills, were provided by individuals possessing those skills, and would have needed to be purchased, if not provided by contribution, are recorded as in-kind contributions. (See Note 4)

j. Management Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

k. Expense Allocation

The costs of providing the Foundation's various programs and supporting services have been summarized on a functional basis in the statement of activities and statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Foundation.

l. Accounting for Uncertainty of Income Taxes

The Foundation does not believe its financial statements include any material, uncertain tax positions. Tax filings for periods ending December 31, 2010 and later are subject to examination by applicable taxing authorities.

m. Subsequent Events

Management has evaluated for potential recognition and disclosure events subsequent to the date of the statement of financial position through September 8, 2014, the date the financial statements were available to be issued. No events have occurred subsequent to the statement of financial position date through our evaluation date that would require adjustment to or disclosure in the financial statements.

n. Comparative Financial Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should read in conjunction with the Foundation's financial statements for the year ended December 31, 2012, from which the summarized information was derived.

Note 4 - Donated Services

The Foundation received \$765,000 in 2013 and \$81,000 in 2012 of donated legal services from a law firm of which a member of the Board of Directors is a partner. The donated legal services were provided in connection with drafting contracts and procedural policies. This amount has been allocated to programs, and management and general expenses.

Note 5 - Commitments

During the year, the Foundation entered into several agreements with consultants for future work to be performed beyond fiscal year 2013. The total value of these future commitments is approximately \$534,000.

The Foundation has a lease for office space that expires March 31, 2015. Future minimum payments are as follows:

<u>Year ending</u>	<u>Amount</u>
December 31, 2014	\$379,521
December 31, 2015	<u>94,974</u>
Total	<u>\$474,495</u>

Note 6 - Employee Benefit Plan

The Foundation has a tax deferred annuity plan in accordance with the Internal Revenue Service Code Section 403(b). The plan allows employees to voluntarily contribute a portion of their salary (limited by statutory rates) to the plan to be used for retirement. Employees are entitled to enroll in the plan after six months of employment. The Foundation contributes 15% of each eligible employee's annual gross salary plus a match up to 7.5%. The Foundation contributed \$325,000 during the year ended December 31, 2013 and \$142,000 during the year ended December 31, 2012.
